## Overview

The Texas Juvenile Justice Department's (TJJD) annual activity report provides information regarding the magnitude and nature of juvenile criminal activity and the juvenile probation system's response. This information is offered to assist the state's effort in improving the juvenile justice system and reducing juvenile crime in Texas.

During calendar year 2015, police agencies in Texas processed 52,744 arrests of juveniles between the ages of 10 and 16. Not all arrests resulted in referrals<sup>1</sup> to juvenile probation. In 2015, juvenile departments saw 61,273 referrals. Law enforcement accounted for 72.3% of all referrals (44,330). Schools, probation departments, municipal courts and TJJD referred another 16,943 cases for delinquent conduct or conduct in need of supervision (CINS), totaling 61,273 referrals for calendar year 2015. This is a decrease of 2,784 (4.3%) referrals from calendar year 2014, with specific delinquent offenses decreasing 4.0%, violation of probation decreasing 3.7%, and CINS offenses decreasing 7.7%.

Most juveniles referred were attending regular school (77.9%) at the time of their referral to a juvenile probation department. The remaining juveniles were in an alternative learning environment, had received their GED, had graduated, had dropped out of school, or had been suspended or expelled. Juvenile Justice Alternative Education Programs (JJAEP) provide education services to students who have been expelled from the public school system for committing specific offenses and are mandated in counties with a population of 125,000 or greater. During the 2014-2015 school year, there were 26 mandatory JJAEPs operating in Texas. Of the 2,977 student entries into JJAEPs, 42% of the students were expelled for a discretionary expulsion offense.

Disposition of a case may result from action taken by the juvenile department, the juvenile prosecutor, or the juvenile court. There were a total of 63,937 dispositions given in 2015. Juvenile probation departments disposed of 23,139 (36.2%) of these cases. Of cases disposed by departments, 15.0% were dismissed or withdrawn, 50.2% were given supervisory caution, and 34.8% were given deferred prosecution. Juvenile prosecutors resolved an additional 13,108 cases, with 63.7% of cases found to have no probable cause, or being dismissed, refused, or non-suited; 7.2% were given supervisory caution; and 29.1% were given deferred prosecution.

The juvenile court resolved the remaining 27,690 cases. Of these, the court ordered supervisory caution for less than 1.0% of cases (n = 168), deferred prosecution for 13.4% of cases, or ordered a new or modified probation in 56.9% of cases. The court certified and transferred to adult court 120 juveniles, and committed 882 juveniles to TJJD or a post-adjudication secure correctional facility<sup>2</sup>. Of juveniles receiving a commitment disposition, 730 were given indeterminate sentences and 152 were given determinate sentences<sup>3</sup>. A disposition of not guilty was found in 134 cases. There were 5,008 cases the court transferred or adjudicated with no disposition, or consolidated and disposed with another case.

Overall, dispositions most often resulted in adjudicated probation supervision or deferred prosecution supervision (24.6% and 24.4%, respectively). Cases dismissed or disposed with a supervisory caution made up the next two largest categories (23.0% and 19.9%, respectively). Only 1.4% of dispositions resulted in a juvenile being committed, and only 0.2% resulted in adult certification.

In 2015, 166 juvenile probation departments served the 254 counties in Texas. The average length of adjudicated probation supervision was 368 days while the average length of deferred prosecution supervision and pre-disposition supervision was 155 days and 114 days, respectively. The majority (85%) of adjudicated probation, deferred prosecution, and pre-disposition supervision terminations during calendar year 2015 ended with successful completion.

Counties registered and operated 46 secure pre-adjudication facilities, 2 holdover facilities, 33 post-adjudication secure correctional facilities, and 13 non-secure correctional facilities in 2015. In addition to the county-operated facilities, private contractors provided services for juveniles in three pre-adjudication facilities and four post-adjudication secure facilities. The secure facilities provided a combined 3,155 pre-adjudication, 22 holdover, and 2,515 post-adjudication beds.

There were 35,136 detentions in calendar year 2015. Approximately 26.5% of detained juveniles were released within one day. There were 8,582 placements made to secure or non-secure residential facilities in 2015, generally following the juvenile's disposition. More juveniles were served in non-secure facilities (4,686) than secure facilities (3,896). The overall average length of stay for residential placements (secure and non-secure) was 125 days. The majority of residential placements that terminated during calendar year 2015 ended in successful completion.

<sup>1</sup> Includes Formal and Paper Formalized referrals only. Please see Glossary for definitions of referral types.

<sup>2</sup> Texas Senate Bill 511 of the 83<sup>rd</sup> Legislature gave authority to the juvenile courts to commit a juvenile to a post-adjudication secure correctional facility.

<sup>3</sup> Total dispositions are counted for all categories except commitment and adult certification dispositions in which unique juveniles are counted.

# The Texas Juvenile Probation System

## Introduction

Since January 1999, juvenile probation departments have been required to submit individual case file data in an electronic format initially to the Texas Juvenile Probation Commission (TJPC), and currently the Texas Juvenile Justice Department (TJJD). In addition, annual reporting and periodic surveys from departments provide supplemental information to the agency.

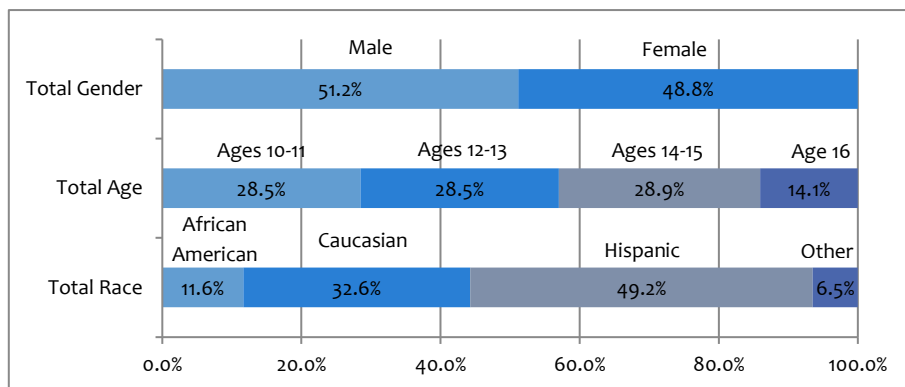

Caution should be used in drawing general conclusions from the statistics. The data in this report portray neither everything juvenile probation departments or courts do, nor how much time they spend on activities not represented by the statistics. At least three factors are not represented in the juvenile probation activity statistics and should be considered when evaluating them:

1. The juvenile justice system operates under the rules and authority of Title 3 of the Texas Family Code<sup>4</sup>. Many of the cases statistically reported as being disposed as supervisory caution, dismissed, or otherwise disposed have received rehabilitative and other services from the juvenile probation system. These services are not captured in the activities presented in this report.
2. Only formal referrals are reported in referral, disposition, supervision, and detention statistics. Departments also handle a number of informal referrals such as crisis intervention and prevention/intervention which are not captured in this report.
3. A number of juvenile probation officers serve both adult and juvenile capacities and often operate under widely varying authorities and policies.

**Funding.** Juvenile boards work closely with the commissioner's court to set budgets for operation of local juvenile probation departments using both local and state funds. In fiscal year 2015, local commissioner's courts provided approximately 73.0% of the total funding to probation departments from county revenues. State funds, primarily channeled through TJJD, accounted for approximately 26.0% of total funding for juvenile probation services. The remaining 1.0% of funds was Title IV-E monies funded through the federal government.

**Juvenile Population.** The Texas juvenile justice system serves youth between the ages of 10 and 16. Youth ages 17 and older fall under the jurisdiction of the juvenile justice system only if their alleged offense was committed when the youth was 16 years old or younger or for a violation of a juvenile court order if the youth is still under supervision. Using the Texas State Data Center 0.5 migration scenario projections based on the United States Census 2010 population, there were 2,798,160 juveniles age 10 to 16 in Texas in calendar year 2015. Gender, race and age breakdowns of the projected 2015 populations are shown in Figure 1. Overall, 51.2% of the youth population was male, and 48.8% of the youth population was female. This was consistent across race categories.

## Juvenile Probation Departments

**Juvenile Boards.** State law requires each department to have a juvenile board. Some of these boards govern multiple counties. Each board, consisting of district and county judges, is responsible for overseeing the operation of the juvenile probation system in that county. This includes designating juvenile judges, appointing the chief juvenile probation officer, and setting the policies and budget for the juvenile probation department. TJJD provides funding and technical assistance to juvenile boards.

**Structure.** Juvenile probation departments implement the policies of juvenile boards, deliver services to juveniles referred to juvenile courts, and provide services to at-risk youth in the community. In Texas in 2015, there were 122 single-county departments and 44 multi-county departments. Multi-county departments range in size from two to six counties. Seven departments served both adult and juvenile probationers. Four of these combined adult and juvenile departments had designated juvenile probation officers who served juveniles only.

**Certification of Officers.** Certification is required for all Texas juvenile probation and supervision officers. Certification requires that officers earn the necessary academic degree and complete 80 hours of approved continuing education. Probation officers must hold, at minimum, a bachelor's degree while supervision officers most hold, at minimum, a high school diploma or GED. All officers must also undergo a criminal background check at initial certification and certification renewal. In 2015, TJJD certified 216 new juvenile probation officers and 996 new supervision officers. An additional 2,613 existing probation and supervision officer applications were re-certified.

**Caseload.** Of the 166 local departments participating in the Resource Report<sup>5</sup> for Calendar Years 2015 and 2016, 143 provided responses (response rate of 86%). Based on data received from local departments, juvenile probation departments across the state employed 6,199 salaried personnel at the end of 2015. Four departments had only one employee, a Chief Probation Officer. The average daily caseload per caseload-carrying juvenile probation officer in Texas ranged from one to 69 juveniles, with a statewide average of 16 in 2015.

**Salaries, Staffing, and Tenure.** In 2016, TJJD conducted a study of salary, tenure, and turnover among juvenile justice personnel in Texas with the aim of addressing the following questions:

- How much are county probation and supervision officers paid?
- To what extent do salaries and turnover vary by department size, geographic region, and officer tenure?
- What are turnover rates among probation department employees?
- Is low salary a driver of high turnover?
- How can employee recruitment and retention at county probation departments be improved?
- How do probation and supervision officer salaries compare to salaries for similar positions?

Salary and turnover data reflecting calendar year 2015 was collected from 117 of 166 county juvenile probation departments (70% response rate), along with qualitative information on recruiting and retention strategies and challenges. Analysts also compiled salary information from similar industries for comparison purposes. In addition, 143 departments (86% response rate) provided 2015 staffing data in response to the agency's annual resource survey. Findings from the salary study and 2015 resource survey are summarized below.<sup>6</sup> Salary related findings represent department salaries as of October 1, 2015.

---

<sup>5</sup> The Annual Resource Report is a survey that is disseminated by TJJD's Research and Planning Division to collect information on departments, staffing, salaries, and additional juvenile justice related issues.

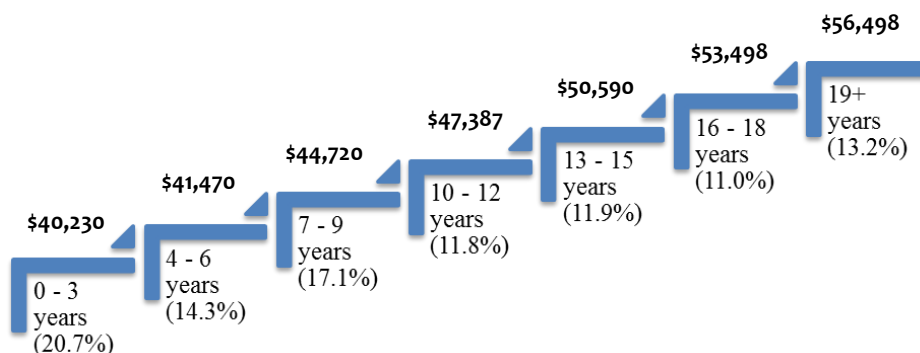

<sup>6</sup> For more detail, see the final study report, "A Study of Salaries and Turnover Rates Among Juvenile Justice Personnel in Texas," available here: [link](#).

In 2015, the median salary for full-time juvenile justice staff in Texas was \$41,759 and the median tenure was 8.08 years, though salary and tenure varied widely by department and position. (See Table 1, below, for statewide summary statistics on key staff categories.) Counties generally reported higher salaries for juvenile probation officers (JPOs) than juvenile supervision officers (JSOs), likely due to the additional educational requirements for JPO positions. In 2015 the median salary for JPOs was \$46,394, compared to \$36,120 for JSOs. Overall, counties also reported salaries increasing as tenure increased. (See Figures 2 and 3, below, for median JPO/JSO salary by tenure category.) JPOs and JSOs with 10 – 12 years of experience have annual salaries that are 18% and 24% higher, respectively, than officers with 3 or fewer years of experience.

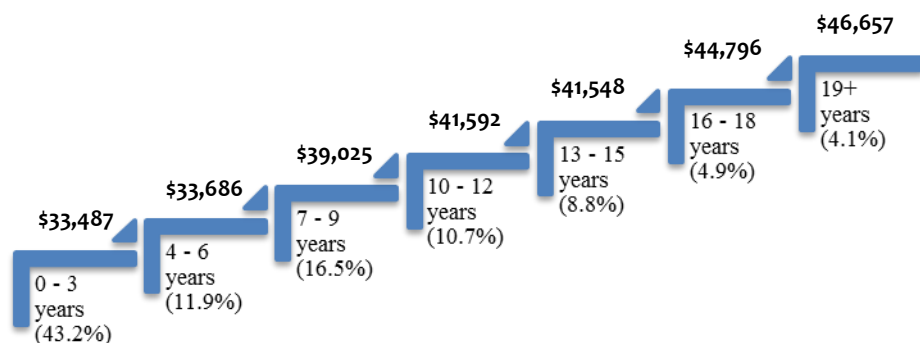

**Table 1: Position by Salary and Tenure Descriptive statistics**

Position	N	Minimum Salary	Median Salary	Maximum Salary	Median Tenure (years)

**Figure 2: Full-Time Probation Line Officer Median Salary by Tenure Category**

**Figure 3: Full-time Supervision Line Officer Median Salary by Tenure Category**

An examination of JPO and JSO salaries by department size showed minimum and median salaries for both JPOs and JSOs are highest among large departments and lowest among small departments. (See Table 2, below, for officer salary ranges by department size.) The median salary among JPOs in large departments was \$49,145, compared to \$42,306 in small departments. Likewise, JSOs in large departments earned a median salary of \$36,610, compared to \$25,563 in small departments.

**Table 2: Full-Time Officer Salary Range**

Department Size	N	Minimum	Median	Maximum
<b>Probation Line Officer Salary Range</b>				
<b>Large</b>	652	\$33,852	\$49,145	\$75,347

<b>Small</b>	27	\$18,500	\$25,563	\$49,929

In a regional analysis, higher overall salaries were generally associated with lower turnover rates. (See Tables 3 and 4, below, for median salary and turnover rates by region.) Among JPOs in the North region, the median salary was \$53,100 and turnover was 6.9%, whereas in the Central region the median salary was \$43,061 and turnover was 15.6%. Among JSOs, the highest median salary (\$42,094) and lowest turnover rate (14.9%) were also found in the North, and the lowest median salary (\$28,254) and highest turnover rate (36.7%) were found in the Northeast.

A portion of the TJJD study focused specifically on officers with 3 or fewer years of experience. These officers are of special interest because 43% of JSOs and 21% of JPOs fall into the 0 – 3 years of tenure category. These newer officers also reflect recruiting and early retention. Turnover rates were particularly high among this group, with nearly 27% of JPOs and nearly 70% of JSOs leaving their jobs within the first three years of hire.

Results from the qualitative portion of the study offer some insight into the high turnover rates among new officers. Departments of all sizes and in every region of the state reported difficulty recruiting and retaining employees due to low officer pay relative to other similar industries. Over half of all respondents noted that low salaries make recruiting and hiring difficult; more than two thirds said good pay was crucial for retaining employees. Many respondents identified specific positions that offer higher salaries to similarly qualified candidates. Examples of comments from respondents include, “*We find ourselves at a disadvantage when competing with adult probation for probation officers. Adult probation can afford to pay officers, both initially and subsequently, more than we can afford. We find ourselves in a position of offering less money for more work,*” and “*It is difficult to hire someone with a college degree for a position that pays less than the starting salary of a teacher.*”

Data compiled for the comparative analysis shows many JPOs and JSOs do indeed earn less than those in comparable positions at similar agencies. (See Figures 4 and 5, below, for a comparison of salary range minimums.) State employees, federal probation officers, and teachers in Texas all have a salary range that establishes minimum and maximum salaries for their positions. Due to the absence of such a range for JPOs and JSOs, two measures were used in the comparative analysis: the lowest starting pay reported and the median of all starting salaries reported. The lowest starting pay for both JPOs (\$22,000) and JSOs (\$17,500) is notably lower than the starting pay for many similarly qualified individuals.

## Juvenile Referral Activity

A youth may be referred multiple times in a year. In calendar year 2015, 43,439 juveniles accounted for 61,273 formal referrals to juvenile probation departments. Importantly, despite an increase in the juvenile population of Texas (Figure 6), referrals to juvenile probation departments continue to decline as evidenced in Figure 7.

Figure 6: Juvenile Population – Calendar Years 2011-2015

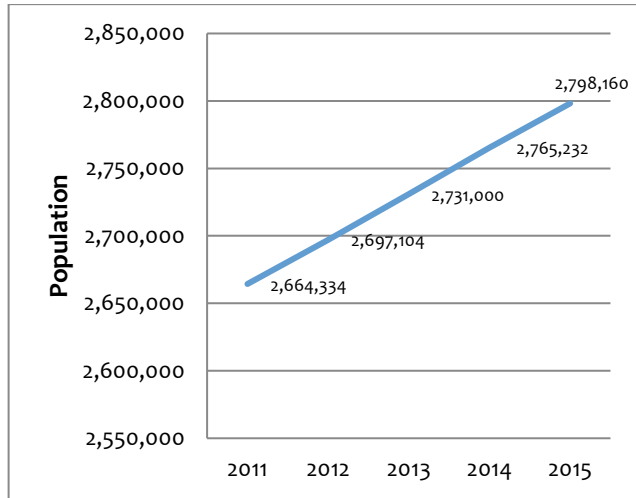

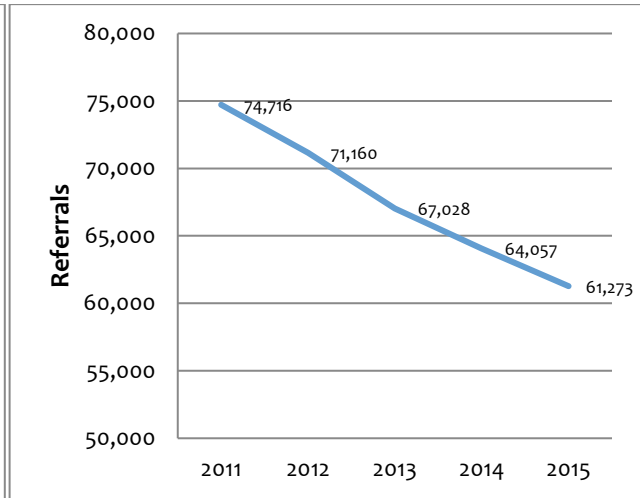

Figure 7: Juvenile Referrals – Calendar Years 2011-2015

The state referral rate for calendar year 2015 was 22 youth per 1,000. As shown in Figures 8 and 9, most counties have a referral rate between 11 and 25 per 1,000 youth, and a felony referral rate of less than five per 1,000 youth.

Figure 8: Referral Rate per 1,000 – Calendar Year 2015

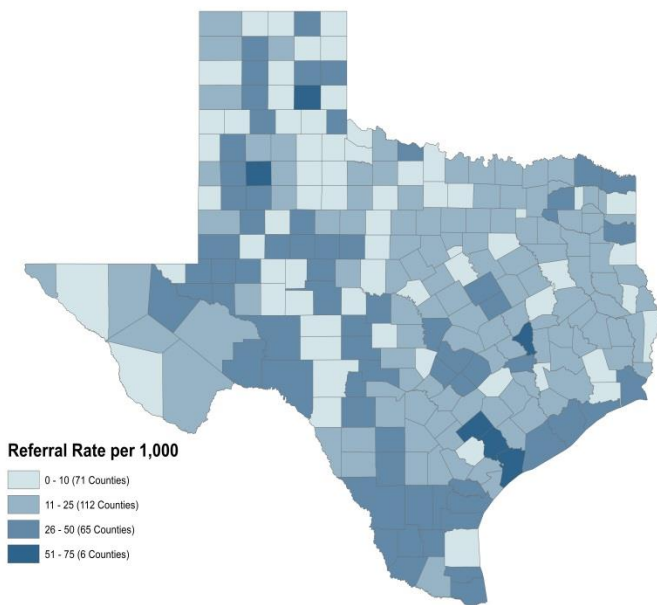

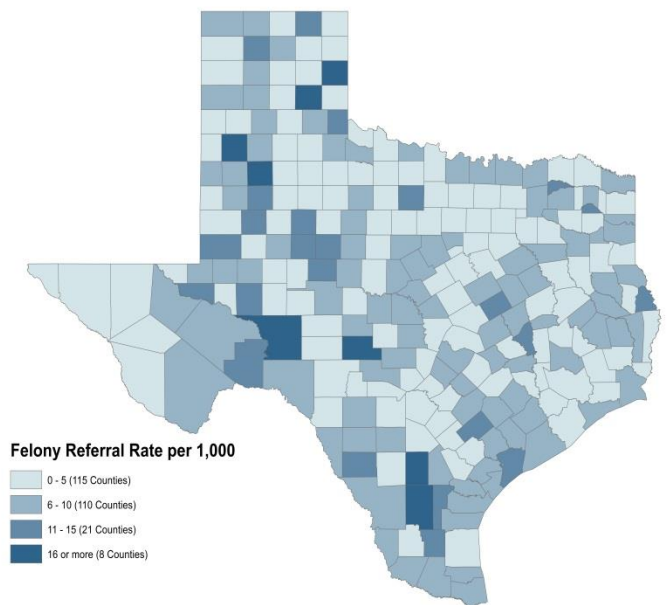

Figure 9: Felony Referral Rate per 1,000 – Calendar Year 2015

Offender Demographics

Male offenders accounted for 72.7% of all referrals to juvenile probation departments in calendar year 2015 and females contributed the remaining 27.3% (Figure 10). While Caucasian youth made up 32.6% of the state’s juvenile population in 2015, they accounted for only 22.6% of referrals to juvenile probation departments (Figure 11). Hispanic youth were the most populous group in the state (49.2%) and accounted for 49.5% of referrals to probation in 2015. African American youth accounted for 11.6% of the population and 27.0% of referrals. Juveniles of “Other” race category, including Asian and Native American, accounted for 6.5% of the state population and only 1.0% of referrals.

Figure 10: Gender of Referrals – Calendar Year 2015

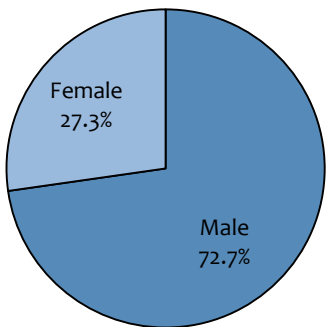

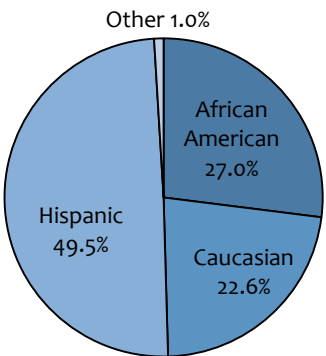

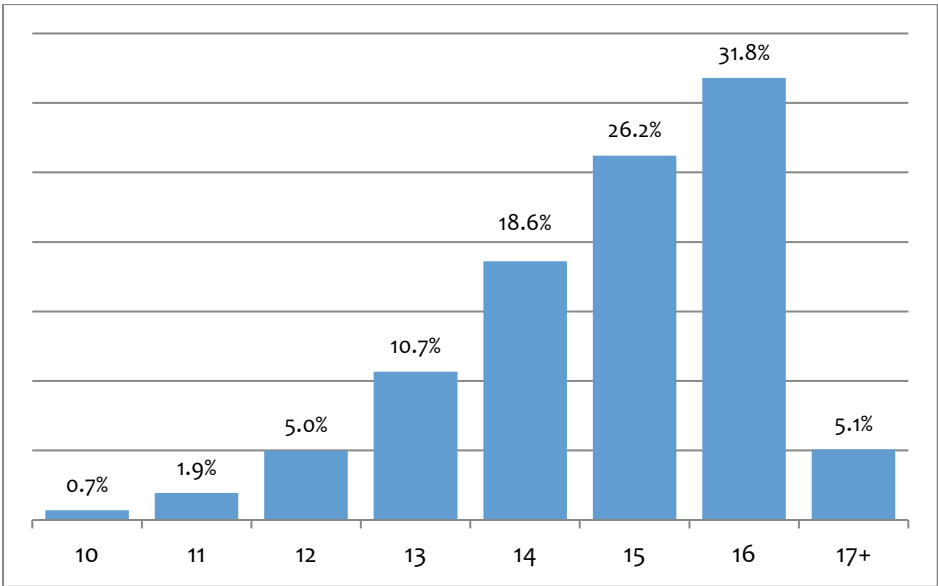

Figure 11: Race of Referrals – Calendar Year 2015

Of all juvenile referrals in 2015, the average age of juveniles was 15 years. Despite this average, 16-year-old youth were referred to juvenile probation more frequently than any other age group. Youth age 17 or older are included in Figure 12 as they may have been referred for an offense committed while 16 or younger, or for a violation of a juvenile court order if they were under supervision with a juvenile probation department.

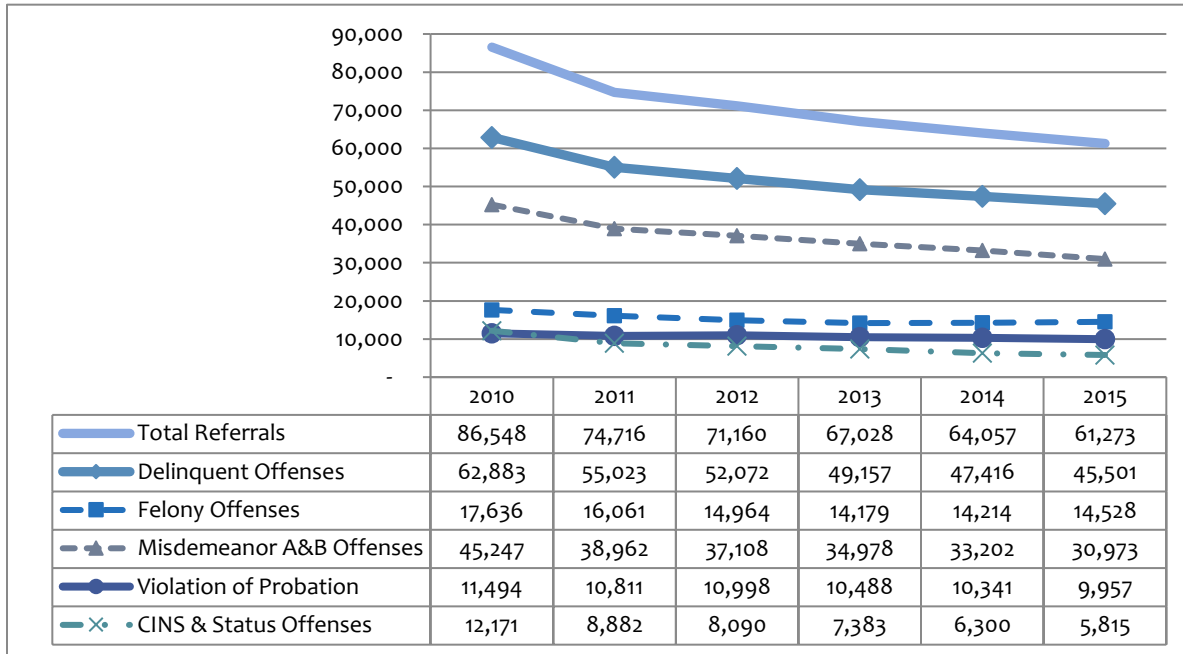

Figure 12: Age at Referral – Calendar Year 2015

## Offense Distribution

As illustrated in Figure 13, referrals to juvenile probation departments have steadily declined since 2010. Referrals for alleged delinquent offenses (including felony, misdemeanor A and B, and contempt of magistrate) make up the majority of all referrals in a given year. Less than a quarter (23.7%) of the referrals in calendar year 2015 was for alleged felony offenses. Only 9.5% of all alleged offenses qualified as violent felonies in 2015.

Figure 13: Referrals by Offense Type – Calendar Years 2010 - 2015

Since 2010, referrals for both alleged delinquent offenses and violation of probation offenses have increased as a percent of total referrals (Table 5). Conversely, referrals for alleged Conduct Indicating a Need for Supervision (CINS) offenses (including status and non-status) have decreased as a percent of total referrals since 2010.

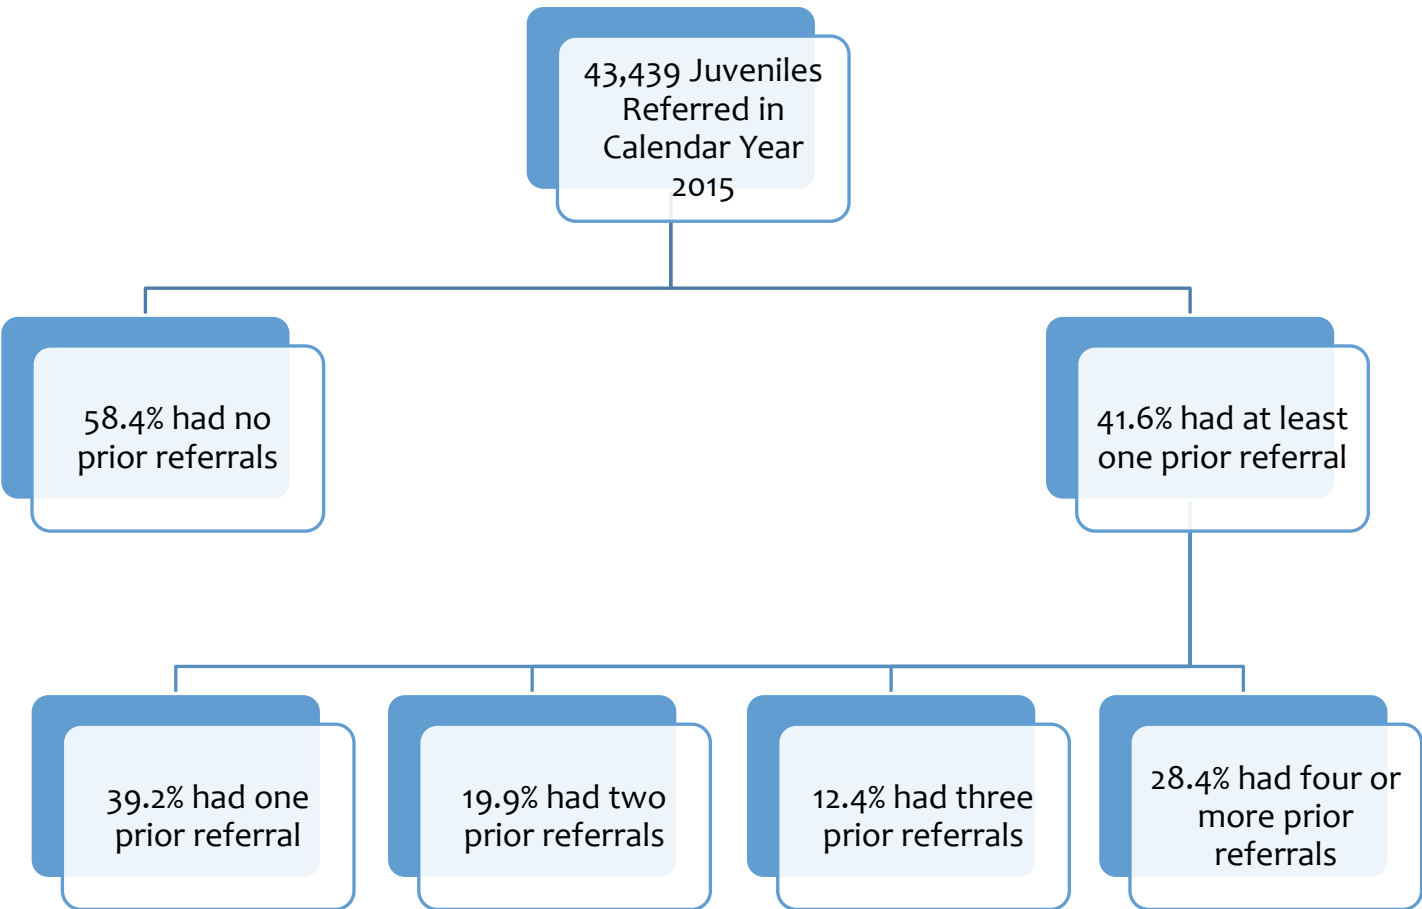

Table 5: Offense Percent Distribution – Calendar Years 2010 - 2015

	2010	2011	2012	2013	2014	2015
<b>Delinquent Offenses</b>	72.7%	73.6%	73.2%	73.3%	74.0%	74.3%
<b>Felony Offenses</b>	20.4%	21.5%	21.0%	21.2%	22.2%	23.7%
<b>Misdemeanor A&amp;B Offenses</b>	52.3%	52.1%	52.1%	52.2%	51.8%	50.5%
<b>Violation of Probation</b>	13.3%	14.5%	15.5%	15.6%	16.1%	16.3%
<b>CINS &amp; Status Offenses</b>	14.1%	11.9%	11.4%	11.0%	9.8%	9.5%
<b>Status Offenses</b>	8.0%	7.1%	7.0%	6.7%	7.0%	7.0%

<b>Total Referrals</b>	100.0%	100.0%	100.0%	100.0%	100.0%	100.0%

**Referral History**

Less than half of the juveniles referred in calendar year 2015 (41.6%) had been previously referred to juvenile probation departments. As shown in Figure 14 below, 39.2% of juveniles with a referral history had only one prior referral since calendar year 2007. More than a quarter (28.4%) of those with a referral history, however, had four or more prior referrals. Among juveniles with a prior referral, 46.1% had at least one referral for a prior felony offense, 19.6% a prior violent felony offense, and 27.3% a prior violation of probation.

Figure 14: Juvenile Referral History – Calendar Year 2015

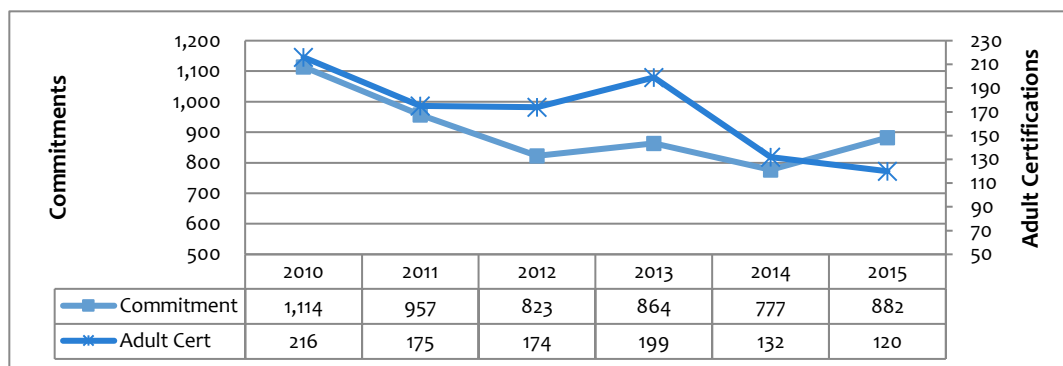

## Juvenile Disposition and Supervision Activity

There were 63,937 juvenile cases disposed in calendar year 2015. The distribution of disposition by source indicates juvenile courts disposed the largest percentage of cases (43.3%), followed by probation departments (36.2%), and prosecutors (20.5%). Over half of the dispositional outcomes for these 63,937 cases were comprised of deferred prosecution or probation<sup>7</sup> dispositions, (26.0% and 26.3%, respectively). Cases disposed as supervisory caution made up 21.3% of dispositions, and dismissed<sup>8</sup> cases another 24.6%. There were 4,148 cases, (6.5%), that received an outcome of consolidated or transferred with no adjudication. Lastly, the disposition of commitment made up 1.5% of cases while adult certification dispositions totaled 0.2%.

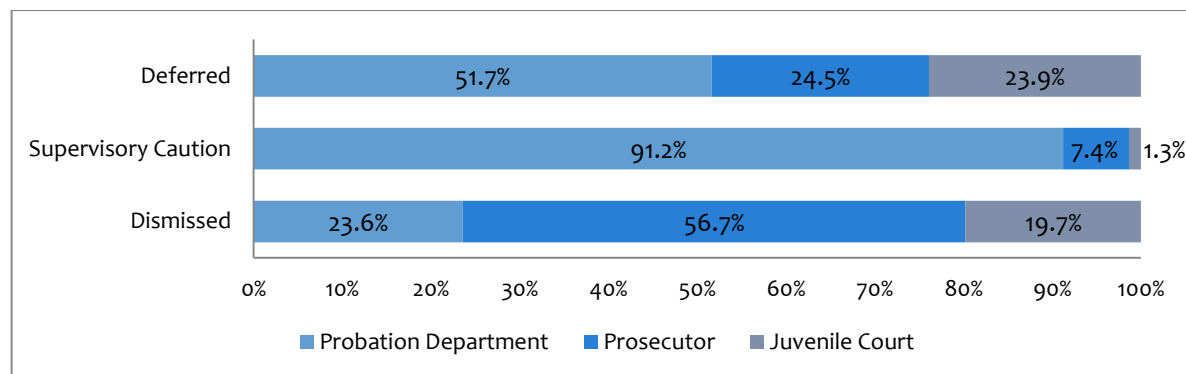

The number of juveniles certified to stand trial as adults decreased 9.1% between 2014 and 2015. During the same period, TJJD commitment dispositions increased by 13.5%, from 777 to 882 youth (Figure 15). Since 2010, however, commitment and adult certification dispositions have decreased 20.8% and 44.4%, respectively.

Figure 15: Commitments and Adult Certifications – Calendar Years 2009-2015

While dispositions of commitment and adult certification, along with probation, must be disposed through the juvenile court; dismissed, supervisory caution, and deferred prosecution dispositions may be disposed of by way of the juvenile court, the prosecutor, or the probation department. Overall, the prosecutor and the probation department were responsible for the majority of the dismissed, supervisory caution, and deferred outcome activity (Figure 16).

Figure 16: Disposition Source Percent Distribution by Disposition Outcome – Calendar Year 2015

<sup>7</sup> The probation disposition category includes adjudicated to probation or determinate sentence probation, adjudicated to probation with placement, determinate sentence probation with placement, modified and/or extended probation, as well as modified and/or extended probation with placement.

<sup>8</sup> The dismissed category includes department, prosecutor, and court actions of dismissed, withdrawn, no probable cause, refused, not guilty, non-suited, and adjudicated with no disposition.

## Distribution of Dispositions by Offense Severity and Race

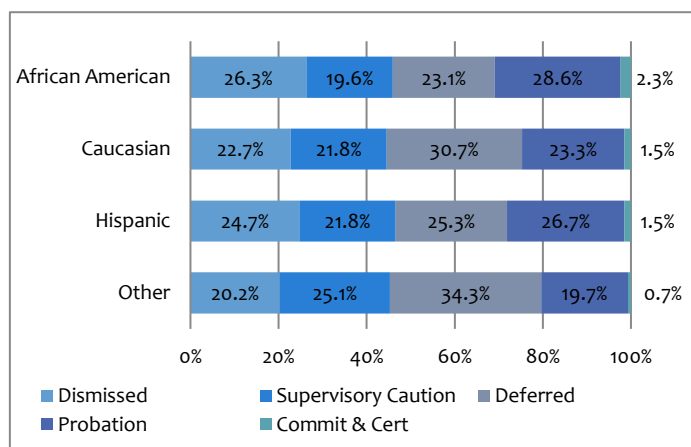

Dispositions in 2015 varied by the severity of the offense, with more serious offenses being more likely to receive formal sanctions. As shown in Table 6, felony and violation of probation offenses had a much higher proportion of adjudications to probation than did misdemeanor offenses, and CINS offenses were most likely to receive a supervisory caution disposition.

**Table 6: Dispositions by Offense Severity – Calendar Year 2015**

In calendar year 2015, African American youth and Hispanic youth were more likely to receive a disposition of probation than any other disposition. Caucasian youth and youth of Other races received more deferred prosecutions than any other disposition (Figure 17). African American youth were more likely than any other racial group to receive a disposition of commitment or adult certification. Figure 18 illustrates the proportion of disposition offense severity by race. Caucasian youth and African American youth had the highest proportion of dispositions for a felony offense. A higher proportion of Hispanic youth and African American youth received a disposition for a violation of probation offense.

## Supervision Workload Activity

The average daily population (ADP) for adjudicated probation supervision in calendar year 2015 was 12,630<sup>9</sup>. Successful completions accounted for 77.5% of the 12,874 adjudicated probation supervisions terminated during the year, while 22.5% were unsuccessfully terminated prior to completing probation. Juveniles may have failed to complete probation for a number of reasons including commitment to TJJD, transfer to an adult court for trial, absconding, terminating early due to persistent non-compliance of supervision requirements or transferring out of the department's jurisdiction.

The ADP of juveniles on deferred prosecution during 2015 was 6,728. Successful completions of deferred prosecution comprised 81.0% of the 15,979 deferred prosecution supervisions terminated during the year, while 19.0% were unsuccessfully terminated prior to completion. Juveniles may have failed to complete their deferred supervision because of the reasons listed above or they may have been disposed to court-order probation because of a violation of the deferred supervision agreement.

The ADP of juveniles under pre-disposition supervision (including Conditional Pre-Disposition Supervision and Temporary Pre-Court Monitoring) during 2015 was 5,646. Of the 20,304 pre-disposition supervisions terminated during the year, 92.1% were terminated upon completion of supervision while 7.9% were terminated unsuccessfully.

There were 24,439 active supervisions on January 1, 2015. Of those under supervision on this date, 52.3% were on adjudicated probation supervision, 25.5% were on deferred prosecution supervision, and 22.2% were on pre-disposition supervision (Figure 19). Figure 20 displays the number of active supervisions on January 1, 2015 by county. Adjudicated probation, deferred prosecution, and pre-disposition supervision types are included in this map. The vast majority (75.6%) of counties had 50 or fewer active supervisions on this date.

## Juvenile Detention and Residential Placement Activity

### Facility Registry

Per the authority and responsibility established in Title 3, Chapter 51, Texas Family Code, the Texas Juvenile Justice Department maintains a statewide registry for all local-level (i.e., non-state operated or contracted) public and private secure juvenile detention and juvenile post-adjudication secure correctional facilities located within the state. TJJD's facility registry not only provides an all-inclusive listing of any such facilities, it also serves as a general database of facility-reported information about each registered facility. As a relevant aside, per the Texas Family Code, no child may be placed into a secure detention or post-adjudication secure correctional facility that is not registered with TJJD.

Effective 2011, TJJD obtained the responsibility for registering non-secure correctional facilities operated by local juvenile probation departments. The primary difference between a non-secure and secure facility is the lack of construction fixtures designed to physically restrict a juvenile's movements or activities. While the vast majority of the state's non-secure residential facilities licensed through the Texas Department of Family and Protective Services serve all types of youth from varied referral sources, the non-secure facilities registered with TJJD prioritize services exclusively for juvenile justice referred juveniles. In 2015, 13 non-secure facilities were registered with TJJD. These facilities had a combined rated resident capacity of 554 beds. Table 7 provides the number and types of facilities registered with TJJD at any time during 2015. The rated capacity figures in the table reflect the self-reported resident capacity of those facilities operating at the end of the calendar year.

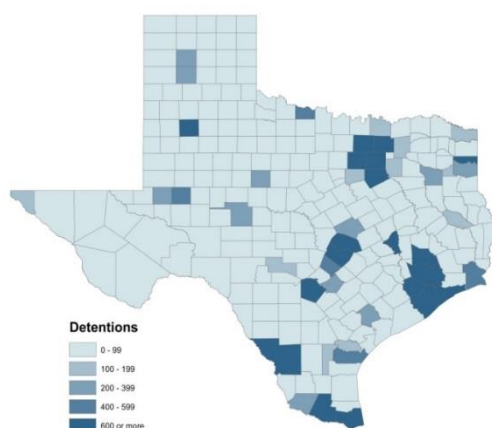

**Table 7: Secure Facilities Registry – Calendar Year 2015**

### Detention Activity

There were 35,136 placements made in the 49 pre-adjudication secure and two short-term detention (i.e. holdover) facilities during 2015. The average daily population (ADP) for detentions in calendar year 2015 was 1,466. Youth were detained for an average of 17 days per detention. Of youth released from detention in 2015, 26.5% were detained for 24 hours or less, 28.1% for 2 to 10 days, and 45.4% for more than 10 days. Figure 21 provides the total number of detentions by county throughout the year. The majority of counties had fewer than 100 detentions during the year.

**Figure 21: Detentions by County – Calendar Year 2015**

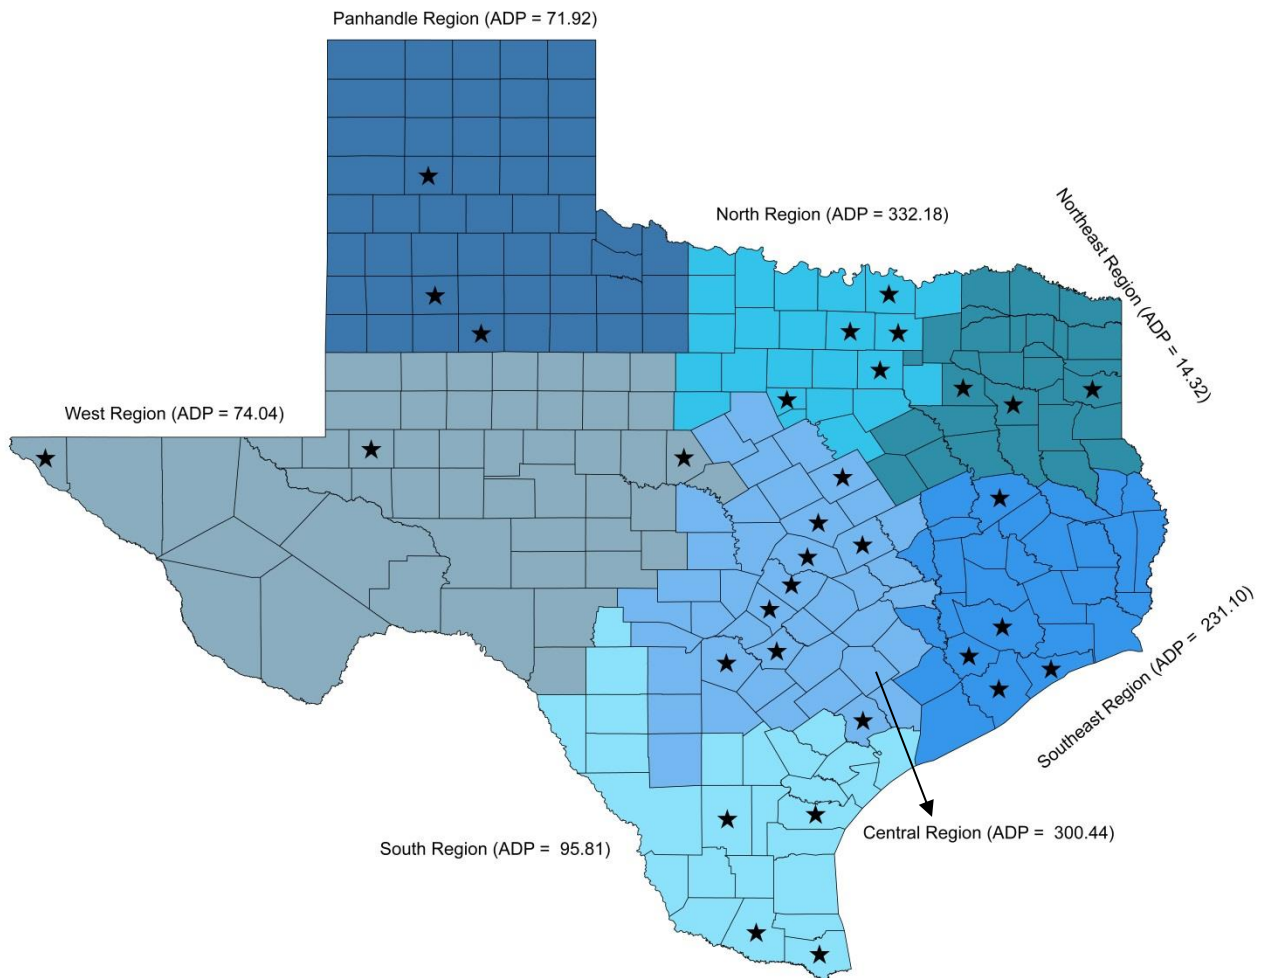

## Residential Placement Activity

There were 8,582 out-of-home residential placements made during calendar year 2015, comprised of 4,686 non-secure residential placements and 3,896 secure correctional placements<sup>10</sup>. The ADP of juveniles in non-secure residential placement or secure correctional placement was 852 and 1,119, respectively. Figure 22 highlights post-adjudication secure correctional facility ADP for the seven Texas regions. A star highlights counties with a post-adjudication secure correctional facility.<sup>11</sup>

In calendar year 2015, the overall average length of stay in placement was 125 days. Secure correctional placements had a longer average length of stay than non-secure residential by just over 50 days (157 versus 99, respectively). Of the 3,966 non-secure placement terminations during the year, 82.7% ended upon successful completion, while 17.3% ended unsuccessfully. Successful completions accounted for 87.0% of the 2,844 secure placement terminations during the year, while 13.0% ended unsuccessfully.

Figure 22: Secure Residential ADP by Region – Calendar Year 2015

<sup>10</sup> These placements do not include secure pre-adjudication or holdover facility placements.

<sup>11</sup> Please note that some counties have more than one post-adjudication secure correctional facility.

## Appendix A: Glossary of Juvenile Probation Terminology

### General Terms

**Active Cases:** All cases detained, placed, or supervised during a specified period.

**Average Daily Population:** The average number of active cases detained, placed, or supervised per day during a specified period.

**Average Length of Stay:** The average number of days terminated cases spent in detention, in placement, or under supervision during a specified period.

**Child (Juvenile):** Section 51.02(2) of the Texas Family Code specifies a “child” is a person who is 10 years or older and under 17; or 17 years or older and under 18, who is alleged or found to have engaged in delinquent conduct or conduct indicating a need for supervision as a result of acts committed before turning 17.

**Conduct Indicating a Need for Supervision (CINS):** Section 51.03(b) of the Texas Family Code specifies that conduct indicating a need for supervision is: conduct, other than a traffic offense, that is a fine-only misdemeanor under state law or violates a penal ordinance of any political subdivision of the state; running away from home; inhalant abuse; an act that results in expulsion from school under Section 37.007(c), Education Code; prostitution; and electronic transmission of certain visual material depicting minor (i.e. sexting).

**Delinquent Conduct:** Section 51.03(a) of the Texas Family Code specifies the delinquent conduct is: conduct, other than a traffic offense, that violates a criminal law of Texas or of the United States that is punishable by imprisonment or by confinement in jail; conduct that violates a lawful order of a court under circumstances that constitute contempt of court in justice or municipal court, county court for conduct punishable by a fine only; or truancy court; conduct that violates Section 49.04, 49.05, 49.06, 49.07, or 49.08, Penal Code; and the third or subsequent offense in violation of Section 106.041, Alcoholic Beverage Code, relating to driving under the influence of alcohol by a minor.

**Department:** An organized juvenile probation department delivering services in one or more counties and which a juvenile board supervises.

**Detention:** A secure facility administered by a governing board that includes construction and fixtures designed to physically restrict the movements and activities of juveniles or other individuals held in lawful custody in the facility and used for the temporary placement of any juvenile or other individual who is accused of having committed an offense and is awaiting court action, an administrative hearing, or other transfer action. A pre-adjudication secure detention facility does not include a short-term detention facility as defined by Section 51.12(j) of the Texas Family Code. For additional information, refer to subchapters A, B, C, and E of 37 Texas Administrative Code Chapter 343.

**Formal Referral:** An event that occurs only when all three of the following conditions exist: (1) a juvenile has allegedly committed delinquent conduct, conduct indicating a need for supervision, or a violation of probation; (2) the juvenile probation department has jurisdiction and venue; and (3) the office or official designated by the juvenile board has made face-to-face contact with the juvenile and the alleged offense has been presented as the reason for this contact or has given written or verbal authorization to detain the juvenile.

**Juvenile Board:** A governing board created under Chapter 152 of the Texas Human Resources Code to oversee the provision of juvenile probation services by a juvenile probation department.

**Juvenile Court:** A court designated under Section 51.04 of the Texas Family Code to exercise jurisdiction over proceedings under Title 3 of the Texas Family Code.

**Non-Secure Correctional Facility:** Any public or private residential facility operated by or under contract with a juvenile board in which the construction fixtures, hardware, staffing models, and procedures do not restrict the egress of residents from the facility. For additional information, refer to 37 Texas Administrative Code Chapter 355.

**Paper-Formalized Referral:** Occurs when a referral that began as a Paper Complaint (paperwork only) is later formalized with face-to-face contact.

**Program:** A program is a planned or coordinated activity or group of activities designed to address a specific purpose or goal including, but not limited to, altering a juvenile's behavior to reduce delinquency. To be considered a program, there must be a curriculum, strategy, or plan to achieve the designated goal(s). Participation in a program is either required or tied to the juvenile's supervision.

**Post-Adjudication Secure Correctional Facility:** Secure facility operated by or under contract with a juvenile board that includes construction and fixtures designed to restrict physically the movements and activities of the residents and is intended for the treatment and rehabilitation of youth who have been adjudicated. As defined in 37 Texas Administrative Code Chapter 343, a post-adjudication secure correctional facility does not include any non-secure residential program operating under the authority of a governing board.

**Residential Placement:** Supervision ordered by a juvenile court in accordance with Texas Family Code Section 54.04(d)(1)(B) in which the child is placed on probation outside the child's home in a foster home or a public or private institution or agency. For additional information refer to 37 Texas Administrative Code Chapter 341.

**Status Offender:** A child who is accused, adjudicated or convicted for conduct that would not, under state law, be a crime if committed by an adult. For specific status offense categories, see Texas Family Code Section 51.02(15).

## Dispositions

**Adjudicated Probation:** A disposition option set forth in Texas Family Code Section 54.04(d)(1)(A) in which a juvenile who has been found to have engaged in delinquent conduct and/or conduct in need of supervision is formally placed on probation under the supervision of the juvenile court for a specified period of time. The juvenile has been adjudicated and placed on probation in the child's own home or in the custody of a relative or other fit person. The juvenile may be required to participate in a variety of appropriate programmatic services (e.g., counseling, community services, etc.) and may also be subject to other reasonable court-ordered restrictions or conditions.

**Adjudicated to Probation with Placement:** A disposition option set forth in Texas Family Code Section 54.04(d)(1)(B) in which a juvenile who has been found to have engaged in delinquent conduct and/or conduct in need of supervision is formally placed on probation under the supervision of the juvenile court for a specified period of time. The adjudicated juvenile is placed on probation and ordered to placement in a foster home, residential treatment facility, or post-adjudication secure correctional facility. The juvenile may be required to participate in a variety of appropriate programmatic services and may also be subject to other reasonable court-ordered restrictions or conditions.

**Certification as Adult:** A discretionary procedural action described in Texas Family Code Section 54.02 in which the juvenile court transfers its jurisdiction to the criminal court in order to allow a juvenile to be prosecuted as an adult. Depending on the type of felony conduct alleged, a juvenile as young as 14 years of age, and in some circumstances 10 years of age, may be certified to stand trial as an adult.

**Commitment:** A juvenile committed to the care, control, and custody of the Texas Juvenile Justice Department (TJJD). Beginning in 2007, all commitments to TJJD, except those under the Determinate Sentencing Act, were for an indeterminate term not to extend beyond the juvenile's 19th birthday. Beginning in 2013, juveniles in Travis County may be committed to the Travis County Juvenile Probation Department's post-adjudication secure correctional facility rather than to TJJD.

**Consolidated Case and Disposed in Another Case:** A situation wherein multiple offenses are alleged in one petition or in multiple petitions. The offenses are disposed of in one disposition event.

**Deferred Prosecution:** A voluntary dispositional alternative to adjudication in which the juvenile, parent/guardian(s), and court agree upon supervision conditions. The time period cannot exceed 6 months except that if a court places the child on deferred prosecution as provided in 53.03(i) and (j), the juvenile may be supervised for up to one year or a combined period not to exceed one year if the time is added to a previous order of deferred prosecution.

**Determinate Commitment:** A disposition in which a juvenile is adjudicated for delinquent conduct that violates a penal law listed in Texas Family Code Section 53.045(a) or engages in habitual felony conduct as defined in Texas Family Code Section 51.031. A determinate sentence petition must be approved by a grand jury. Under determinate sentencing provisions of the Texas Family Code Section 54.04(q), a juvenile may be committed to the Texas Juvenile Justice Department (TJJD) or to the Travis County Juvenile Probation Department's post-adjudication secure correctional facility for a specified term of up to 40 years with a possible transfer to the Correction Institution Division of the Texas Department of Criminal Justice. Section 245.051, Human Resources Code, establishes the minimum period of confinement for all determinate sentenced offenders.

**Determinate Sentence Probation:** A disposition authorized by the Texas Family Code Section 54.04(q) in which a child given a determinate sentence commitment of 10 years or less may instead be ordered to determinate sentence probation by a court or jury for a period of up to 10 years.

**Determinate Sentence Probation with Placement:** A disposition in which a child placed on determinate sentence probation is ordered to placement in a facility. The juvenile may be required to participate in a variety of appropriate programmatic services (e.g., counseling, treatments, programs, etc.), and may also be subject to other reasonable court-ordered restrictions or conditions.

**Dismissed/Withdrawn/No Probable Cause:** A disposition possibility from either the probation department, prosecutor, or court. At the department level, an alleged offense against the juvenile will not be pursued and no disposition will be imposed if it is determined that there is no probable cause. At the prosecutor level, the prosecuting attorney reviews the circumstances and allegations of a referral for legal sufficiency and the desirability of prosecution and determines that no probable cause exists or that the case will be dismissed or withdrawn. At the court level, a court has reviewed the circumstances and allegations of a referral for prosecution and determined there is lack of evidence, thereby terminating all proceedings.

**Indeterminate Commitment:** A disposition in which a juvenile who has been found to have engaged in delinquent conduct is eligible for commitment to the Texas Juvenile Justice Department (TJJD) or to the Travis County Juvenile Probation Department's post-adjudication secure correctional facility for an indeterminate or unspecified term not to exceed his or her 19th birthday. Only a felony adjudication or probation modification for an underlying felony adjudication may result in a commitment. TJJD has established minimum lengths of stay for all indeterminate sentenced offenders.

**Modified and/or Extended Probation:** An extension or revision of a prior court order in which the juvenile continues probation in the child's home or in the custody of a relative or other fit person. This extension may result in additional supervision time or other programmatic sanctions and/or services.

**Modified/Extended Probation with Placement:** An extension or revision of a prior court order in which the juvenile continues probation and is ordered to placement in a facility. This extension may result in additional supervision time or other programmatic sanctions and/or services (e.g., counseling, drug rehabilitation program, mental health treatment, etc.).

**Non-Suited:** The prosecuting attorney reviews the circumstances and allegations of a referral for legal sufficiency and the desirability of prosecution and files a petition with the juvenile court. The petition is subsequently dismissed with or without prejudice.

**Refused:** An instance in which the prosecuting attorney reviews the circumstances and allegations of a referral for legal sufficiency and the desirability of prosecution; and refuses to prosecute the case due to insufficient evidence, unavailable witnesses, etc. The case is closed without a petition being filed or sanctions imposed.

**Supervision:** A process that involves the case management of a juvenile by the assigned juvenile probation officer or designee through contacts (face-to-face, telephone, office, home, collateral) with the juvenile, the juvenile's family, and other case planning participants. For additional information refer to 37 Texas Administrative Code Chapter 341.

**Supervisory Caution:** A judicial summary disposition made by the court or other authorized person. This informal disposition option may include counseling the juvenile about the consequences of his or her conduct, contacting the juvenile's parents to inform them of the juvenile's behavior or referring the juvenile to a social service agency or a community-based first offender program run by law enforcement. See Texas Family Code Sections 52.03, 52.031, 52.032, 59.004, and 264.302.

## Supervision Types and Outcomes

**Absent without Permission:** The juvenile fails to report or cannot be found. The timeframe for not reporting for supervision is no more than 45 days from the time the juvenile is considered absent.

**Completed:** The juvenile completed the supervision without incident.

**Conditional Pre-Disposition Supervision:** This supervision type is either ordered by the court or ordered by the probation department with authority from the judge. Most conditional pre-disposition supervisions are done at the time of the detention hearing, but juveniles can be placed under this supervision type without having been detained. The conditions should be limited to those that are reasonable and necessary to ensure the juvenile will return to court.

**Court Ordered Probation:** A dispositional option set forth in Texas Family Code Section 54.04(d)(1) in which a juvenile who has been found to have engaged in delinquent conduct or conduct indicating a need for supervision is formally placed on probation under the supervision of the juvenile court for a specified period of time. A juvenile who has been adjudicated and placed on probation may be required to participate in a variety of appropriate programmatic services (e.g., intensive supervision programs, residential placement, community supervision, etc.) and may also be subject to other reasonable court-ordered restrictions or conditions. This category also includes the disposition of determinate sentence probation authorized in Texas Family Code Section 54.04(q) that may be ordered by a court or jury for a period of up to ten (10) years for specific violent or habitual conduct.

**Deferred Prosecution:** A voluntary dispositional alternative to adjudication in which the juvenile, parent/guardian(s), and court agree upon supervision conditions. The time period cannot exceed 6 months except that if a court places the child on deferred prosecution as provided in 53.03(i) and (j), the juvenile may be supervised for up to one year or a combined period not to exceed one year if the time is added to a previous order of deferred prosecution.

**Failure to Comply:** Supervision terminated before the anticipated end date because of a new offense or because the juvenile refused to accept services and/or was persistently non-compliant with the terms of supervision.

**Temporary Pre-Court Monitoring:** This is an unofficial form of pre-dispositional supervision used only when a juvenile is pending a disposition decision or court action. Temporary supervision can be done on a voluntary basis if agreed to by the juvenile and the juvenile's parents. There is no Family Code basis for this supervision type; therefore, a juvenile cannot be sanctioned for not following the conditions set forth.

**TJJD Commitment:** The juvenile's supervision ended as a result of commitment to the Texas Juvenile Justice Department.

**Transferred out of Jurisdiction:** The juvenile's supervision ended because the juvenile moved from one jurisdiction to another and services were transferred to the new jurisdiction. This outcome is used when a juvenile leaves one jurisdiction on an Interstate Compact or Inter-County Transfer and for juveniles on determinate probation whose probation is transferred to the adult system.

**Transferred to the Adult System:** The juvenile's supervision ended because the juvenile was transferred to the adult system due to new/additional charges.
